

# *Chairman's Christmas Message 2018*

*As* we share and celebrate this yuletide season and a coming new year, I encourage you to reflect, recommit and rejuvenate in the hope for a brighter tomorrow and a prosperous new year.

We end 2018 as a most turbulent and crime ridden year where hopes and dreams for many were shattered. Let us pray for the healing of our Republic and that the New Year is a joyous and prosperous one for each of us.

This has been a very interesting and challenging year for the Company, in fact every year has had its challenges. The last 12 months truly tested our resilience as individuals and as a team. We have come through this one as you would expect – strong and full of momentum with your support, continued loyalty, dedication and hard work.

We will continue to face challenges from our competitors and will continue to set the pace for others to follow while building on our human capital and creating an environment that promotes safety, respect and goodwill for all with an ideological and an ethical outlook that sets the highest standard of performance and governance.

This coming year, I project will be our biggest year since the company was founded. With the renewed leadership it makes for a positive outcome and supports the agent of change that we have been seeking to realize. Thank you for your commitment to excellence.

So, as we celebrate this festive season with our loved ones, family and friends we thank Almighty God for His blessings of health, protection and guidance as we navigated through challenging times. As servants of our nation, may God continue to protect us in our efforts at fighting crime and keeping our country and communities safer and, enable us to continue to have the support of one another during the New Year 2019 and may God continue to bless and protect you and your loved ones.

*May the magic of Christmas bring Joy and Happiness  
A Merry Christmas Wish and a Happy New Year from  
the entire Aboud Family to All*

*Chairman - Michael Aboud, Dr. Honoris Causa  
(Entrepreneurship and Innovation from the University of Trinidad  
and Tobago)*
